[Other recommendations](#)

Overview

This sample HTML export shows the sort of downloadable Target Improvement Plan output a higher-role user could review before submission.

It includes the linked report reference, system metadata, user confirmations, priority recommendations, other recommendations, associated risks, action responses, owners, funding responses and timing information.

TIP metadata

TIP reference	TIP-HBTRQJGF
System name	Microsoft CS version 3
Linked report reference	CAF24092025FDMH
Final report date	17 December 2025
Submission status	Submitted

User confirmations

Priority recommendations reviewed	Completed
Other recommendations reviewed	Completed
Check answers confirmed	Yes
Actions signed off	Yes — confirmed by submitting role

Priority recommendations

Includes all recommendations that must be acknowledged and either have an improvement action added or a reason recorded where no action is planned.

Type	Priority
Outcome	C2.a Proactive security event discovery
Associated risk	RP16 — Evidence supporting C2.a is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for C2.a and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	Action added
Action	Create and implement an improvement action plan for C2.a, assign named owners, and introduce a quarterly evidence review.
Owner	Morgan Ellis
Resources available	Yes

Budget approved	Yes
Estimated target completion date	30/06/2026

Type	Priority
Outcome	C1.b Security monitoring
Associated risk	RP14 — Evidence supporting C1.b is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for C1.b and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	No action planned
Reason for no action	The recommendation has been considered and will be monitored through existing governance.

Type	Priority
Outcome	C1.b Security monitoring

Associated risk	RP16 — Evidence supporting C1.b is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for C1.b and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	Action added
Action	Create and implement an improvement action plan for C1.b, assign named owners, and introduce a quarterly evidence review.
Owner	Chris Walker
Resources available	No
Budget approved	Yes
Reason no target date given	The target date will be confirmed after dependency and funding decisions are agreed.

Type	Priority
Outcome	A2.b Risk management

Associated risk	RP16 — Evidence supporting A2.b is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for A2.b and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	Action added
Action	Create and implement an improvement action plan for A2.b, assign named owners, and introduce a quarterly evidence review.
Owner	Priya Shah
Resources available	Yes
Budget approved	No
Estimated target completion date	31/03/2027

Type	Priority
Outcome	A1.c Governance review

Associated risk	RP15 — Evidence supporting A1.c is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for A1.c and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	No action planned
Reason for no action	Existing delivery activity already addresses this recommendation.

Type	Priority
Outcome	A4.a Supply chain
Associated risk	RP13 — Evidence supporting A4.a is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for A4.a and document the next actions needed to improve control confidence.
Reviewed recommendation and	Yes

risk

Status	Action added
Action	Create and implement an improvement action plan for A4.a, assign named owners, and introduce a quarterly evidence review.
Owner	Security Operations
Resources available	Yes
Budget approved	Yes
Estimated target completion date	31/12/2026

Type	Priority
Outcome	A1.c Governance review
Associated risk	RP16 — Evidence supporting A1.c is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for A1.c and document the next actions needed to improve control confidence.

Reviewed recommendation and risk

Yes

Status

Action added

Action

Create and implement an improvement action plan for A1.c, assign named owners, and introduce a quarterly evidence review.

Owner

Security Operations

Resources available

I'm not sure

Budget approved

I'm not sure

Reason no target date given

The target date will be confirmed after dependency and funding decisions are agreed.

Type

Priority

Outcome

B1.a Service protection

Associated risk

RP17 — Evidence supporting B1.a is incomplete, which may reduce confidence that controls are consistently operating across the system.

Reviewer recommendation

Strengthen assurance and evidence for B1.a and document the next actions needed to improve control confidence.

Reviewed recommendation and risk	Yes
Status	Action added
Action	Create and implement an improvement action plan for B1.a, assign named owners, and introduce a quarterly evidence review.
Owner	Morgan Ellis
Resources available	Yes
Budget approved	I'm not sure
Estimated target completion date	31/12/2026

Type	Priority
Outcome	A1.c Governance review
Associated risk	RP14 — Evidence supporting A1.c is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for A1.c and document the next actions needed to improve control confidence.

Reviewed recommendation and risk	Yes
Status	No action planned
Reason for no action	This recommendation has been reviewed and no separate TIP action will be added at this stage.

Type	Priority
Outcome	A4.a Supply chain
Associated risk	RP16 — Evidence supporting A4.a is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for A4.a and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	No action planned
Reason for no action	This recommendation has been reviewed and no separate TIP action will be added at this stage.

Type	Priority
Outcome	A2.b Risk management
Associated risk	RP15 — Evidence supporting A2.b is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for A2.b and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	Action added
Action	Create and implement an improvement action plan for A2.b, assign named owners, and introduce a quarterly evidence review.
Owner	Security Operations
Resources available	I'm not sure
Budget approved	I'm not sure
Estimated target completion date	30/09/2026

Type	Priority
Outcome	C1.b Security monitoring
Associated risk	RP14 — Evidence supporting C1.b is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for C1.b and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	Action added
Action	Create and implement an improvement action plan for C1.b, assign named owners, and introduce a quarterly evidence review.
Owner	Technology Risk Team
Resources available	No
Budget approved	I'm not sure
Estimated target completion date	30/09/2026

Type	Priority
Outcome	D1.b Response and recovery planning
Associated risk	RP15 — Evidence supporting D1.b is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for D1.b and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	No action planned
Reason for no action	Existing delivery activity already addresses this recommendation.

Type	Priority
Outcome	A3.a Asset management
Associated risk	RP13 — Evidence supporting A3.a is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for A3.a and document the next actions needed to improve control

confidence.

**Reviewed
recommendation and
risk**

Yes

Status

No action planned

Reason for no action

This recommendation has been reviewed and no separate TIP action will be added at this stage.

Type

Priority

Outcome

A4.a Supply chain

Associated risk

RP13 — Evidence supporting A4.a is incomplete, which may reduce confidence that controls are consistently operating across the system.

**Reviewer
recommendation**

Strengthen assurance and evidence for A4.a and document the next actions needed to improve control confidence.

**Reviewed
recommendation and
risk**

Yes

Status

Action added

Action	Create and implement an improvement action plan for A4.a, assign named owners, and introduce a quarterly evidence review.
Owner	Chris Walker
Resources available	I'm not sure
Budget approved	No
Estimated target completion date	31/03/2027

Type	Priority
Outcome	B2.d Identity and access control
Associated risk	RP16 — Evidence supporting B2.d is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for B2.d and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	Action added

Action	Create and implement an improvement action plan for B2.d, assign named owners, and introduce a quarterly evidence review.
Owner	Priya Shah
Resources available	Yes
Budget approved	I'm not sure
Estimated target completion date	31/12/2026

Type	Priority
Outcome	D2.a Lessons learned
Associated risk	RP17 — Evidence supporting D2.a is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for D2.a and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	Action added

Action	Create and implement an improvement action plan for D2.a, assign named owners, and introduce a quarterly evidence review.
Owner	Chris Walker
Resources available	No
Budget approved	No
Estimated target completion date	30/09/2026

Type	Priority
Outcome	C1.b Security monitoring
Associated risk	RP16 — Evidence supporting C1.b is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for C1.b and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	Action added

Action	Create and implement an improvement action plan for C1.b, assign named owners, and introduce a quarterly evidence review.
Owner	Morgan Ellis
Resources available	Yes
Budget approved	Yes
Estimated target completion date	31/03/2027

Type	Priority
Outcome	C2.a Proactive security event discovery
Associated risk	RP13 — Evidence supporting C2.a is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for C2.a and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	Action added

Action	Create and implement an improvement action plan for C2.a, assign named owners, and introduce a quarterly evidence review.

Outcome

C1.b Security monitoring

Associated risk

RP13 — Evidence supporting C1.b is incomplete, which may reduce confidence that controls are consistently operating across the system.

Reviewer recommendation

Strengthen assurance and evidence for C1.b and document the next actions needed to improve control confidence.

Reviewed recommendation and risk

Yes

Status

No action planned

Reason for no action

This recommendation has been reviewed and no separate TIP action will be added at this stage.

Type

Priority

Outcome

A1.a Board direction

Associated risk

RP13 — Evidence supporting A1.a is incomplete, which may reduce confidence that controls are

consistently operating across the system.

Reviewer recommendation	Strengthen assurance and evidence for A1.a and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	No action planned
Reason for no action	This recommendation has been reviewed and no separate TIP action will be added at this stage.

Type	Priority
Outcome	A3.a Asset management
Associated risk	RP13 — Evidence supporting A3.a is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for A3.a and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes

Status	Action added
Action	Create and implement an improvement action plan for A3.a, assign named owners, and introduce a quarterly evidence review.
Owner	Chris Walker
Resources available	Yes
Budget approved	Yes
Reason no target date given	The target date will be confirmed after dependency and funding decisions are agreed.

Type	Priority
Outcome	A1.c Governance review
Associated risk	RP17 — Evidence supporting A1.c is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for A1.c and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes

Status	No action planned
Reason for no action	Existing delivery activity already addresses this recommendation.

Type	Priority
Outcome	D1.b Response and recovery planning
Associated risk	RP16 — Evidence supporting D1.b is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for D1.b and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	No action planned
Reason for no action	Existing delivery activity already addresses this recommendation.

Type	Priority
Outcome	A4.a Supply chain

Associated risk	RP17 — Evidence supporting A4.a is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for A4.a and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	No action planned
Reason for no action	This recommendation has been reviewed and no separate TIP action will be added at this stage.

Type	Priority
Outcome	A3.a Asset management
Associated risk	RP17 — Evidence supporting A3.a is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for A3.a and document the next actions needed to improve control confidence.
Reviewed recommendation and	Yes

risk

Status	No action planned
Reason for no action	The recommendation has been considered and will be monitored through existing governance.

Type	Priority
Outcome	A3.a Asset management
Associated risk	RP15 — Evidence supporting A3.a is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for A3.a and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	Action added
Action	Create and implement an improvement action plan for A3.a, assign named owners, and introduce a quarterly evidence review.

Estimated target completion date	30/09/2026

Type	Priority
Outcome	B4.d Vulnerability management
Associated risk	RP20 — Evidence supporting B4.d is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for B4.d and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	No action planned
Reason for no action	Existing delivery activity already addresses this recommendation.

Type	Priority
-------------	----------

Outcome	B5.c Backups
Associated risk	RP21 — Evidence supporting B5.c is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for B5.c and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	Action added
Action	Create and implement an improvement action plan for B5.c, assign named owners, and introduce a quarterly evidence review.
Owner	Security Operations
Resources available	Yes
Budget approved	Yes
Estimated target completion date	31/03/2027

Type	Priority
-------------	----------

Outcome	B3.b Data in transit
Associated risk	RP22 — Evidence supporting B3.b is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for B3.b and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	Action added
Action	Create and implement an improvement action plan for B3.b, assign named owners, and introduce a quarterly evidence review.
Owner	Technology Risk Team
Resources available	Yes
Budget approved	No
Estimated target completion date	30/06/2026

Type	Priority
-------------	----------

Outcome	B3.c Stored data
Associated risk	RP23 — Evidence supporting B3.c is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for B3.c and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	Action added
Action	Create and implement an improvement action plan for B3.c, assign named owners, and introduce a quarterly evidence review.
Owner	Service Owner
Resources available	No
Budget approved	I'm not sure
Reason no target date given	The target date will be confirmed after dependency and funding decisions are agreed.

Type	Priority
-------------	----------

Outcome	B6.b Cyber security training
Associated risk	RP24 — Evidence supporting B6.b is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for B6.b and document the next actions needed to improve control confidence.
Reviewed recommendation and risk	Yes
Status	No action planned
Reason for no action	This recommendation has been reviewed and no separate TIP action will be added at this stage.

Type	Priority
Outcome	C1.c Generating alerts
Associated risk	RP25 — Evidence supporting C1.c is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for C1.c and document the next actions needed to improve control confidence.

Reviewed recommendation and risk	Yes
Status	Action added
Action	Create and implement an improvement action plan for C1.c, assign named owners, and introduce a quarterly evidence review.
Owner	Infrastructure Lead
Resources available	Yes
Budget approved	Yes
Estimated target completion date	31/03/2027

Type	Priority
Outcome	C1.d Identifying security incidents
Associated risk	RP26 — Evidence supporting C1.d is incomplete, which may reduce confidence that controls are consistently operating across the system.
Reviewer recommendation	Strengthen assurance and evidence for C1.d and document the next actions needed to improve control confidence.

Reviewed recommendation and risk

Yes
